PERSONAL PROFILE

I am a **passionate** 3rd year student who is eager to expand and share her knowledge in **programming and graphic design**. I possess a well-developed **analytical thinking** and an ability to learn and **adapt**. As a result, I am looking for new experiences and opportunities!

EMPLOYMENT HISTORY

Graphic Designer

SiSC-PR & Marketing Department (2019-Present)

- I design **graphic materials** for web/print using Adobe Illustrator and Adobe Photoshop (a **self-taught** skill that I learned).
- Over time, I developed my ability to perform well in an organized workspace, on multiple projects at a time, such as **Hope Academy**, **IT Fest** or **Spring IT**.

Graphic Designer

UNIQ Creative Agency (2019-2020)

- I have worked on several projects for different types of businesses, by creating custom graphic design materials.
- I had created social media campaigns over time

Front-End Development

Ubisoft Internship (2021)

- I designed and created a website under the guidance of Ubisoft Web Developers (a portfolio that linked to my other programming projects) for my Practice Program
- I have attended several technical sessions that introduced me to the React library, and frameworks such as Material-UI

EDUCATIONAL HISTORY

Faculty of Cybernetics, Economic Informatics and Statistics

Degree in Economic Informatics (Sep 2019 - Present)

- I got a **performance scholarship** for being in the top 3% of the program.

"Grigore Moisil" National College

Graduated in 2019

- Mathematics-Informatics, **intensive English**
- Contributed to the **high-school magazine**
